

Q'POD®

Q'POD is the next generation offering in the American Seating A.D.A. portfolio. This system provides quick and effective 3-point mobility aid securement and occupant restraint. The American Seating *Q'POD* is designed with improved storage and access of belts for even greater efficiency. This state-of-the-art solution maintains the highest level of quality and reliability in the industry.

Features

- Convenient belt storage in easy-to-reach locations
- Color-coded belts (red for mobility aid and black for occupant)
- Shoulder-belt height adjuster with 4" of ergonomic adjustment
- Securement scooter ring for unique device attachment
- Self-tensioning rear belts improve securement efficiency
- Easy-access manual or electronic rear retractor remote release with delay
- Compact front-tensioning device with slip-clutch (prevents overtensioning)
- Large stabilizing bumper correctly guides and positions mobility-aid device
- Discrete yet easy-to-use emergency occupant belt release button
- Removable stainless-steel kick panel allows for belt maintenance access

Benefits

- 3-point mobility-aid securement eliminates aisle-side floor obstruction
- 3-point passenger securement provides the ultimate in safety
- Bumper provides 4th contact point for lateral stability
- Applicable to all American Seating products and bus layouts
- Meets all applicable United States and Canadian safety standards
- Meets Buy-American requirements

Options

- Plastic or stainless-steel grab rail
- All plastic body panels
- Plastic back body panel with stainless-steel insert
- Plastic back body panel with fabric insert

Our Mission

Since 1886, American Seating has set the standard for product design, durability and comfort. Our first transportation seat was introduced in 1931, and today we remain committed to exceeding the expectations of our customers. Our achievements serve as the platform for new and innovative products that are the benchmarks of our industry.
