

How to use the *INSIGHT*[®] 3D Configurator

Visualize your *INSIGHT* transit seat colors in a bus by visiting <http://configurator.insightvisionadvantages.com/>

1. Select your Seat Style in the upper left corner of the screen...

2. Work your way down the menu and select all the component colors options...

3. At this point, several actions are possible.

1. Clicking on the left pointing arrow will close the selections panel.
2. Clicking on the middle circular arrow will change the position view in the bus.
3. Clicking on the rearward circular arrow will again change the position view.
4. You can save a snapshot image of your selections at any point in your visualization.
5. You can see a list of your selections at any point in your configuration.

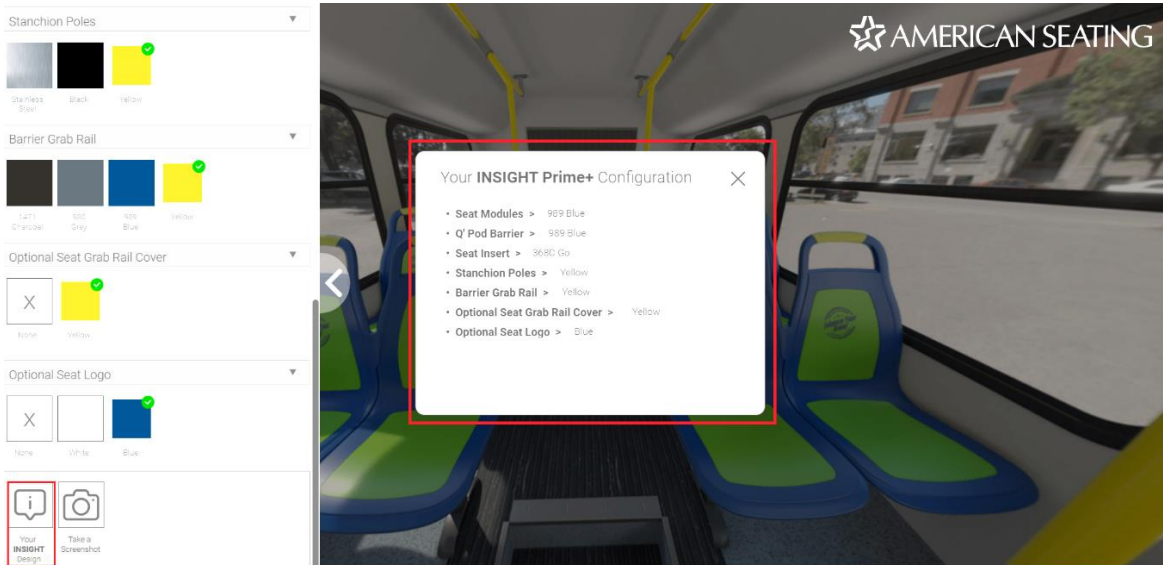

4. Location of position view #2 and #3 below with selections panel closed (#1)...
